### SUMMARY

The Washoe County Commission will introduce and hold the first reading of an ordinance amending Washoe County Code Chapter 55 by creating provisions relating to commercial animal establishments (animal welfare permit).

Washoe County Code Chapter 55 was rewritten to create a unified animal control ordinance which was adopted on June 14, 2005 in accordance with the Interlocal Agreement entered into by the Cities of Reno and Sparks and the County of Washoe to effectuate the consolidation of animal services in the County. In accordance with that Interlocal Agreement and the consolidated ordinances, animal services have been provided on a regional basis now in excess of nine years. It is based on this experience, revision to State Statutes and public input during this time that these amendments to Chapter 55 are being proposed.

- NRS 244.189 provides that the board of county commissioners may exercise such powers and may enact such ordinances not in conflict with Nevada statutes for, inter alia, the control and protection of animals.
- NRS 244.359 provides that the board of county commissioners may enact and enforce ordinances fixing, imposing and collecting an annual license fee on dogs and providing for the capture and disposal of all dogs on which the license fee is not paid; regulating or prohibiting the running at large and disposal of all kinds of animals; establishing a pound, appointing a pound keeper and prescribing his duties; prohibiting cruelty to animals; and designating an animal as inherently dangerous and requiring the owner of such an animal to obtain a policy of liability insurance for the animal in an amount determined by the board of county commissioners. Any such ordinances may apply throughout the entire county or govern only a limited area within the county.

- The Washoe County Board of Commissioners and the City Councils of the City of Reno and City of Sparks consolidated animal control functions in Washoe County to be on a regional basis. The consolidation of animal control services was accomplished by the adoption of ordinances of the three jurisdictions approving an interlocal agreement among the cities of Reno and Sparks and Washoe County which regionalized all field services, including, but not limited to, licensing, enforcement, rabies control, kennel permitting and related administrative functions relating thereto under the jurisdiction and control of Washoe County. The final step in the consolidation process occurred on June 14, 2005 when the Washoe County Board of Commissioners adopted the ordinance which amended Washoe County Code Chapter 55 in compliance with the interlocal agreement for the consolidation of animal services. Since that date, animal services within Washoe County has been operated and provided on a regional basis. We now have over nine years of regional operational experience.
- It is the intention of this Ordinance to repeal, enact and revise sections to Washoe County Code Chapter 55 based upon that experience and public input.
- The proposed effective date of this ordinance is December 9, 2015, which affords Animal Services the opportunity to work with the Business Licensing Departments of Washoe County, Reno and Sparks to create and implement procedures associated with this code section.

**County priority/goals:** Safe, secure and healthy communities; Public participation and open, transparent communication.

### **PREVIOUS ACTION**

On April 22, 2014 the Washoe County Commission approved the establishment of Washoe County Regional Animal services as a stand-alone department.

On June 17, 2014 the Washoe County Commission authorized initiation of proceedings to amend Washoe County Code (Chapters 5 and 55) related to the creation of the Department of Regional Animal Services.

On July 22, 2014 the Washoe County Commission received an update on the public input process regarding Washoe County Code Chapter.

### **BACKGROUND**

On April 22, 2014 the BCC approved establishing Washoe County Regional Animal Services as a standalone department.

On June 17, 2014, the Board directed the Clerk to submit a request to the District Attorney to initiate proceedings to amend Washoe County Code (Chapters 5 and 55).

The proposed code was co-written by Regional Animal Services and the City of Reno Code Enforcement in response for the need to provide oversight and enforcement within commercial animal establishments and visiting animal exhibits in Washoe County, the City of Reno and the

City of Sparks and to create an animal welfare permit process, therefore requiring Washoe County to amend WCC Chapter 55.

The County Managers Office and Washoe County Regional Animal Services (WCRAS) initially met with OnStrategy to plan the public input process for the proposed code amendments. A first step in the public input process was to share proposed revisions with key stakeholder groups including the Cities of Reno and Sparks and major animal groups in our community to include but not limited to the SPCA, NHS and Pet Network. Through individual meetings with staff input was received from these groups regarding the proposed code amendments.

An online comment process “Open Washoe” was utilized from July 7, 2014 to August 18, 2014 to establish priorities for ordinance workshops, to raise awareness of the code issues and obtain a broad range of input on topics important to the public. The unique feature of this community engagement tool is to allow visitors to the site the ability to read all the comments posted by their fellow citizens, as well as the ability to agree or disagree.

During the public input process there were numerous media releases and targeted email notifications encouraging the public to give input on the amendments as well as several news stories, print articles and radio shows discussing the changes and encouraging public input, which resulted in additional input being received via phone calls and emails.

This process was implemented to raise awareness of the community issues and to ensure the widest range of public input. The unique feature of this community engagement tool is to allow visitors to the site the ability to read all the comments posted by their fellow citizens, as well as the ability to agree or disagree.

At key points during the public input process, new questions regarding the code revisions were posted and the proposed code amendments were edited based upon public input and these changes were then posted on “Open Washoe” for citizens to review.

Additionally, links to “Open Washoe” were added to the Animal Services web page and an email account [animalcode@washoecounty.us](mailto:animalcode@washoecounty.us) was created for the public to communicate their comments and concerns specific to proposed Code changes.

As stated previously, a workshop was held at the Wilbur D May Museum on August 27, 2014 to discuss Commercial Animal Establishments (retail sales), promoting an opportunity for the public to ask questions and give input on the proposed amendments. During this workshop, staff had an opportunity to meet one-on-one with many citizens and address concerns as well as receive valuable input. 40 citizens spoke at the public workshop on Commercial Animal Establishments (retail sales), in addition to public comments through “Open Washoe. A summary of the public input received online and through the workshops is attached along with the specific detailed correspondence provided from all public input.

**POSSIBLE MOTION**

Should the Board approve, a possible motion would be: Move to “introduce on behalf of the Board of County Commissioners a first reading of an ordinance amending Washoe County Code Chapter 55 by creating provisions regulating commercial animal establishments (through an animal welfare permit), by adding related definitions, and by making changes to the definitions of “Animal” and “County,” and all other matters properly relating thereto; and, if supported, set the public hearing for a second reading and possible adoption of the ordinance on June 23, 2015 at 3:00 p.m.

## **Commercial Animal Establishment (Retail Sales) Comment Cards:**

- I want the county to support economic development and diversity by allowing responsible breeding and sales of animals, including at trade shows and conventions. If we don't allow this, Washoe County dollars will flow out of the state and we will be creating an anti-business environment. (Melanie Peck, [melaniepeck9@gmail.com](mailto:melaniepeck9@gmail.com), 775-393-9773).
- Don't support retail sales of any mammals unless procured from a humane organization (Jennifer)
- Remove USDA dealers from retail sales code. Add rabbits as animals also banned from being sold in retail stores.
- To be licensed you should have to attend mandated classes to ensure quality, knowledge and should help with the animals being cared for, breed and sold in order to be licensed. Need exemption for recognized groups like 4h and FFA and those families working with the agency r nonprofits that are recognized.
- Do not water down language. Do not want more strict regulations. The regulations allow for loopholes, ie- NRS 5574.390 requires solid floor, not stacked on top, access to water and food, comfortable and normal position. None of these are realistically happening at Pets R Us in Reno, NV. Add rabbits to dogs and cats. (Mariva Dimitriadis)
- Deleted 55.455 section 8.b (Kyle Moore)
- Add rabbits back into 55.455 (8), so that a commercial animal establishment is prohibited from selling rabbits. Also, please delete the proposed language in 55.455 (8b) dealing with USDA licensed dealers. The USDA uses the animal welfare act to regulate breeders but it is not stringent enough and only provides minimum protection for animals. Many puppy mills that are shut down are licensed. The proposed language is an end-run around the propped regs on breeding. (Danille Mayabb)
- Include rabbits in 55.455 (8). Rabbits are the third most euthanized animals in America, county, unable to care for the number of homeless rabbits currently in the county. Rabbits from "puppy mills" are prone to ecunciculis, pasteurella and bordatella. Delete 55.455 (b). These recommendations supported by House Rabbit Society, Chapter Nevada. (Amy Crowe)

## Commercial Animal Establishment (Retail Sales)

## WCC 55.455 Commercial Animal Establishment (Retail Sales) New Code

### Current Code:

- Currently there are no regulations within WCC 55 that address commercial animal sales or exhibits.

### Proposed Code (55.455):

- The proposed language is co-written by Washoe County and the City of Reno. The language will address the health, safety and welfare of all animals sold in stores as well as address traveling exhibits/circus.
- Inspections will be required to obtain a welfare permit prior to obtaining a business license.
- Permits can be revoked if the establishment is found in violation.

### Operational and Legal Implications:

- Increase workload on Animal Services.
- Improve health, safety and welfare inspection capabilities and enforcement.

### Summary of Public Input:

- Public comments on this subject are split in support and not in support of the new code:
  - Banning sales would affect the local economy and hurt responsible licensed businesses.
  - Discriminating against pet stores.
  - Clarification on the revocation of permits for commercial animal establishments.
  - Support of regulation of animal sources for pet stores, specifically sourced from puppy mills.
  - Retail and rescues to be held to the same laws.
